

WelHatCycling Newsletter May 2015

This month -

Saturday May 9th.

Instead of our usual social we have a circular Sustrans led ride to celebrate 20 years of the National Cycle Network.

Leaving the Howard Centre main entrance in Welwyn Garden City at 11am we will ride to Hatfield Galleria south entrance to pick up more participants at 11.45am and ride the Alban Way and Ayot Green Way.

See <http://www.welhatcycling.org.uk/events.htm#MAY>

Electric Bike Sundays

A led ride on electric assisted bikes every Sunday during the summer from Mill Green, Hatfield. Booking required.

Cycle Maintenance Qualification, Watford

If you are aged between 19-25 (or over 50) the Watford Bike Hub are running a course leading to a cycle maintenance qualification. <http://watfordcyclehub.org.uk/>

The programme will provide a reference and qualifications in Leadership & Cycle Maintenance. Throughout the placement you will work alongside staff from all levels and you'll be supported by a mentor.

Broadwater Road/Bridge Road Junction, WGC

Plans for the Shredded Wheat Site in WGC are now open for comments. This is a very big development that will introduce more traffic to the area.

Tesco are proposing to replace the traffic light controlled junction on Broadwater Road with a roundabout. Although Bridge Road will get wide cycle paths, the details for the roundabout are sketchy. We are concerned that pedestrians and cyclists will be put at risk.

See <https://fastweb.welhat.gov.uk/detail.asp?AltRef=N6/2015/0294/PP> then View Plans and Documents.

Scroll down the drawings list with blue headers, Landscapes, Masterplan, Transport etc

Transport Assessment - Feb 2015

PL06 Rev A - Proposed Junction Layout

PL111 Rev G - Bridge Road Proposals

Closing date 14th May.

Warning, some documents can take ages to load !
